INVESTOR PRESENTATION

FORWARD LOOKING STATEMENTS

This Nova Leap Health Corp. (“**Nova Leap Health**” or the “**Company**”) presentation contains certain statements, which may constitute “forward- looking information” under Canadian securities law requirements and “forward looking statements” under applicable securities laws (“**forward-looking information**”). All statements other than statements of historical fact contained in this presentation, including, but not limited to, statements with respect to the future financial position and results of operations, strategy, plans, objectives, goals and targets, may constitute forward looking information. Forward-looking information can be identified by the use of words such as “could”, “expect”, “believe”, “will”, “may”, “intend”, “plan”, “estimate”, “anticipate”, “predict”, “project” and similar expressions and statements relating to matters that are not historical facts.

Forward-looking information involves known and unknown risks and uncertainties and other factors which may cause the actual results, performance or achievements of Nova Leap Health to be materially different from any future results, performance or achievements expressed or implied by such forward-looking information. These factors include, the ability of Nova Leap Health to operate as a going concern; development and operating risks; the Company’s limited operating history; the trading price and volatility of the Company’s common shares; global financial volatility; and reliance on key members of management.

Forward-looking information is based on assumptions that Nova Leap Health believes to be reasonable. Key assumptions upon which the Company’s forward-looking information is based include, but are not limited to: that the Company will have sufficient working capital and be able to secure additional funding necessary for continued operation of the Company’s business; and that key personnel will continue their employment with the Company.

Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward- looking information. The forward-looking information in this presentation is made as of April, 2018 and the Company undertakes no obligation to publicly update or revise any forward-looking information, whether as a result of new information, future events or otherwise, other than where a duty to update such information or provide further disclosure is imposed by applicable law.
